Dear Commie and Rick:

Thank you for all your help building the fellowship facility for Union Grove Baptist Church.

As you know, we had an early contractor selection process to decide who should build our building and we are all now delighted that Johnson and Lee was selected because of the excellent construction results.

You have both made the overall construction process professional and harmonious to everyone's benefit. Understandably a contractor's leadership is critically important to organize the manpower, materials and schedule to deliver a wonderful, high quality building. I especially thank you for all of your diligence to make my job easy and to win us both the owner's gratitude.

More to the point, it is obvious that you have proven your indispensable worth to Barbara, Jack, Don and the entire congregation.

Please know that I hope to work with you again in the not too distant future.

Best regards,

Paul B. Poetzsch AIA
